

Your custom payroll administration

Performing accurate payroll administration is not that simple. And the frequently changing legislation and numerous exceptions do not make it any easier. Vandelanotte will consequently be offering an additional service from 1 January 2021. Thanks to this new monthly payroll processing service, and our years of experience in payroll, HR and salary administration, we will be able to assist you in the capacity of a social service provider as of that date. That way you and your employees can enjoy complete peace of mind. Curious about our solutions?

A single package for all your requirements

From January 2021, Vandelanotte will be happy to assist with your monthly payroll administration. As a social service provider, we are responsible for the entire payroll process, from the preparation of payslips to the calculation of end-of-year bonuses, holiday pay, Joint Committee obligations and managing DmfA (multifunctional declarations) and ASR (Declarations of Social Risk) etc.

In other words, we serve as a dedicated mobile HR department and manage all your payroll-related topics. Prefer to manage your payroll administration internally, yet still require additional support? Then we are also happy to assist.

The benefits at a glance

Entrusting your payroll administration to the experts at Vandelanotte will save you a considerable amount of time. We actively monitor your accounting to enable the enhanced coordination of changes to your payroll administration and the seamless delivery of accounting documents.

The collaboration of our various services enables us to gain an unrivalled insight into your business. This allows us to make a practical contribution and proactively notify you about changes in your sector. Clear, quality advice is therefore our number one priority.

Lastly, we ensure that you do not face any surprises at the end of the month. Following an initial start-up phase, we charge a fixed price based on the number of employees. This is not only clear, it also avoids any hidden costs.

International

Employing people in Belgium is not always straightforward for foreign companies. In fact, Belgian regulations are quite complex and constantly evolving. Since we serve as your remote HR department, you need no longer worry about your employer obligations in Belgium. We actively monitor your monthly payroll administration, ensuring that the processing of salary splits and expat payroll calculations etc. is smooth and accurate.
